## **INDEPENDENT AUDITORS' REPORT**

This section includes the opinion of the Village's independent auditing firm.

**INDEPENDENT AUDITORS' REPORT**

July 1, 2020

The Honorable Village President  
Members of the Board of Trustees  
Village of Kenilworth, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Kenilworth, Illinois, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Kenilworth, Illinois, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Kenilworth, Illinois' basic financial statements. The introductory section, other supplementary information, and supplement schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

Our discussion and analysis of the Village of Kenilworth's financial performance provides an overview of the Village's financial activities for the fiscal year ended December 31, 2019. Please read it in conjunction with the Village's financial statements, which begin on page 17.

### FINANCIAL HIGHLIGHTS

- The Village's net position increased as a result of this year's operations. Net position of business-type activities increased by \$1,116,018, or 15.9 percent, and net position of the governmental activities decreased by \$107,213, or 4.8 percent.
- During the year, government-wide revenues for the primary government totaled \$8,550,131 while expenses totaled \$7,541,326 resulting in an increase to net position of \$1,008,805.
- The Village's net position totaled \$5,765,791 on December 31, 2019, which includes \$7,429,081 net investment in capital assets, \$811,908 subject to external restrictions, and (\$2,475,198) unrestricted net position.
- The Village's governmental funds for the year ending December 31, 2019 reported combined ending fund balances of \$7,135,546, which is a decrease of \$579,632, over last fiscal year's total of \$7,715,178. Of the \$7,135,546 total, \$2,629,238, or 36.8 percent of the fund balance constitutes unassigned fund balance, a decrease of 1.5 percent from the prior year.
- The General Fund reported a fund balance decrease for the year ending December 31, 2019 of \$26,789 resulting in ending fund balance of \$3,988,536, a decrease of less than one percent. This decrease was due to a one-time transfers of \$200,000 to the Capital Improvement Fund for near future capital expenditures.

### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 17 - 20) provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 21. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail than the government-wide statements by providing information about the Village's most significant funds.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

### USING THIS ANNUAL REPORT – Continued

#### **Government-Wide Financial Statements**

The government-wide financial statements provide readers with a broad overview of the Village's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 17 - 20 of this report.

The Statement of Net Position reports information on all of the Village's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village's property tax base and the condition of the Village's capital assets, is needed to assess the overall health of the Village.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and charges for services (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, highways and streets, police protection, planning and zoning, and economic development. The business-type activities of the Village include waterworks system operations.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into one of three categories: governmental funds, proprietary funds, and fiduciary funds.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

### USING THIS ANNUAL REPORT – Continued

#### Fund Financial Statements – Continued

##### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Debt Service, Capital Projects, and 2023 Capital Infrastructure Improvement Fund, all of which are considered major funds. Data from the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village adopts an annual budget for all of the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 21 – 26 of this report.

##### Proprietary Funds

The Village maintains one proprietary fund type: enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes one enterprise fund to account for its waterworks system operations.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

### USING THIS ANNUAL REPORT – Continued

#### Fund Financial Statements – Continued

#### Proprietary Funds – Continued

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Waterworks System Fund, which is considered to be a major fund of the Village.

The basic proprietary fund financial statements can be found on pages 27 - 30 of this report.

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Kenilworth's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 31 - 32 of this report.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33 - 74 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's General Fund budgetary comparison schedule, disclosures regarding the Village's two pension plans, and the Retiree Benefits Plan. Required supplementary information can be found on pages 75 - 83 of this report. The combining statements referred to earlier in connection with non-major governmental funds is presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 84- 106 of this report.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village, assets/deferred outflows exceeded liabilities/deferred inflows by \$5,765,791.

	Net Position					
	Governmental Activities		Business-Type Activities		Totals	
	2019	2018	2019	2018	2019	2018
Current and Other Assets	\$ 12,176,707	12,685,207	1,122,661	933,787	13,299,368	13,618,994
Capital Assets	7,673,729	7,523,848	9,721,852	8,930,356	17,395,581	16,454,204
Total Assets	19,850,436	20,209,055	10,844,513	9,864,143	30,694,949	30,073,198
Deferred Outflows	304,449	1,635,688	12,983	112,285	317,432	1,747,973
Total Assets/Deferred Outflows	20,154,885	21,844,743	10,857,496	9,976,428	31,012,381	31,821,171
Long-Term Debt	15,451,701	17,090,955	2,356,256	2,709,968	17,807,957	19,800,923
Other Liabilities	1,950,522	1,916,749	333,032	234,299	2,283,554	2,151,048
Total Liabilities	17,402,223	19,007,704	2,689,288	2,944,267	20,091,511	21,951,971
Deferred Inflows	5,109,239	5,086,403	45,840	25,811	5,155,079	5,112,214
Total Liabilities/Deferred Inflows	22,511,462	24,094,107	2,735,128	2,970,078	25,246,590	27,064,185
Net Position						
Net Investment in						
Capital Assets	212,229	137,523	7,216,852	6,235,356	7,429,081	6,372,879
Restricted	811,908	734,564	-	-	811,908	734,564
Unrestricted (Deficit)	(3,380,714)	(3,121,451)	905,516	770,994	(2,475,198)	(2,350,457)
Total Net Position	(2,356,577)	(2,249,364)	8,122,368	7,006,350	5,765,791	4,756,986

A portion of the Village's net position, \$7,429,081, reflects its investment in capital assets (for example, land, infrastructure, and equipment), less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$811,908, of the Village's net position represents resources that are subject to external restrictions on how they may be used, specifically for debt service requirements, public safety and highways and streets. The remaining (\$2,475,198) represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

### GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net position of the Village's governmental activities decreased by 4.8 percent (a deficit of \$2,356,577 at December 31, 2019 compared to a deficit of \$2,249,364 at December 31, 2018). Unrestricted net position, the part of net position used to finance day-to-day operations without constraints, totaled a deficit of \$3,380,714 at December 31, 2019.

Net position of business-type activities increased by 15.9 percent (\$8,122,368 at December 31, 2019 compared to \$7,006,350 at December 31, 2018).

### Governmental Activities

Revenues for governmental activities totaled \$6,487,446, while the cost of all governmental functions totaled \$6,594,659, resulting in a deficit of \$107,213 for the year ended December 31, 2019. This deficit is attributable to increase in the deferred items for IMRF and Police Pension during the fiscal year.

The following table graphically depicts the major revenue sources of the Village. It depicts the Village's reliance upon property taxes and state shared revenues to fund governmental activities. It also shows the less significant percentage of revenue the Village receives from utility taxes and telecommunication taxes. The percentage of revenues by source has remained fairly constant from year to year.

---

### GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

#### Governmental Activities – Continued

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues generated by Charges for Services for the program.

**Expenses and Program Revenues - Governmental Activities**

#### Business-Type activities

Business-Type activities for the year ended December 31, 2019, reported total revenues of \$2,062,685, while the cost of all business-type activities totaled \$946,667, resulting in an increase of \$1,116,018. The increase for the year is primarily due to the \$1,101,488 in capital contribution for the Sterling Road watermain project.

**Management’s Discussion and Analysis  
December 31, 2019**

---

**GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued**

**Business-Type Activities – Continued**

The below graph compares program revenues to expenses for utility operations.

**FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS**

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the Village’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

The Village’s governmental funds reported combining ending fund balances of \$7,135,546, which is a decrease of \$579,632, from last year’s total of \$7,715,178. Of the \$7,135,546 total combined fund balances, \$2,629,238, or 36.8 percent, of the fund balance constitutes unassigned fund balance.

The General Fund reported fund balance for the year of \$3,988,536, a decrease of less than one percent. The decrease in fund balance is primarily due to a transfer to the Capital Improvement Fund.

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

---

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

#### Governmental Funds – Continued

The General Fund is the chief operating fund of the Village. At December 31, 2019, unassigned fund balance in the General Fund was \$2,629,238, which represents 65.9 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 59.3 percent of total General Fund expenditures. This is within the targeted Fund Balance of 55-70%.

The Debt Service Fund reported an increase of \$17,412, or 13.5%. The increase was due to a decrease in fiscal charges and an increase in interest income. The fund balance of \$146,276 is restricted for future debt service payments.

During the fiscal year, a General Obligation Limited Bond was issued in the amount of \$985,000. Proceeds in the amount of \$585,000 were reported in the Capital Projects Fund, resulting in ending fund balance of \$1,328,081. The \$400,000 balance of the proceeds were reported in the 2023 Capital Infrastructure Improvement Fund, resulting in ending fund balance of \$753,610. Proceeds from the bond are earmarked for capital improvements and other lawful expenditures. During the current year a total of \$1,897,831 was spent for capital improvements and other long-lived expenditures between these two capital project funds.

The Village implemented the 2023 Capital Infrastructure Improvement Program during fiscal year 2013, at which time the Village issued General Obligation Limited Bonds in the amount of \$9,590,000 to execute the first phase of this three-phase plan. Proceeds from the bond were earmarked for water, sewer, and related roadway improvements. The fund is now supported by revenue from an annual capital bond.

All other governmental funds of the Village are reported as non-major funds, including the Sewer Service Fund and Motor Fuel Tax Fund. The Sewer Service Fund reported an increase in fund balance of \$29,804 due to an increase in interest income and revenues exceeding expenditures. The Motor Fuel Tax Fund reported an increase of \$90,423, as there was minimal authorized Motor Fuel Tax expenditures for road work during the budgeted year.

## Management's Discussion and Analysis December 31, 2019

---

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

#### Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Waterworks System Fund as a major proprietary fund that accounts for the provision of water services to the residents of the Village. In the current year, the Waterworks System Fund reported a surplus of \$1,116,018. The increase for the year is a result of a \$1,101,488 capital contribution.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Village Board made two budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$4,554,972, compared to budgeted revenues of \$4,634,900. All areas of revenue, except for taxes and fines and forfeitures, came in over budget for the year ending December 31, 2019. Property tax revenue was reported less than budget due to a change in accrual procedures. This one-time adjustment pertains to the timing of when the revenue was received.

The General Fund actual expenditures for the year were \$4,436,162, with budgeted expenditures of \$4,481,249. Total expenditures were under budget across all of the General Fund departments with general government, public works, public safety, highways and streets, and culture and recreation departments being under budget.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

##### Capital Assets

The Village's investment in capital assets for its governmental and business type activities as of December 31, 2019 was \$17,395,581 (net of accumulated depreciation). This investment in capital assets includes land and right of way, building and improvements, machinery and equipment, and sanitary and sewer system.

<b>Totals</b>	<b>7,673,729</b>	<b>7,523,848</b>	<b>9,721,852</b>	<b>8,930,356</b>	<b>17,395,581</b>	<b>16,454,204</b>

This year’s major additions included:

Land and Right of Way	\$ 610,157
Construction in Progress	431,814
Building and Improvements	1,036,332
Sanitary and Sewer System	142,694
Streets	219,099
	<u>2,440,096</u>

Additional information on the Village’s capital assets can be found in note 3 of this report.

**Debt Administration**

At year end on December 31, 2019, the Village had total outstanding debt of \$10,830,000 as compared to \$11,420,000 the previous fiscal year ending on December 31, 2018, a decrease of 5.2 percent due to budgeted principal payments. During 2019, the General Obligation Limited Bonds of 2019 was issued.

The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding					
	Governmental Activities		Business-Type Activities		Totals	
	2019	2018	2019	2018	2019	2018
General Obligation Bonds - Net	\$ 8,325,000	8,725,000	2,505,000	2,695,000	10,830,000	11,420,000

# VILLAGE OF KENILWORTH, ILLINOIS

## Management's Discussion and Analysis December 31, 2019

---

### **CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued**

#### **Debt Administration – Continued**

State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 8.625 percent of its total assessed valuation. The current debt limit for the Village is \$26,934,864.

Additional information on the Village's long-term debt can be found in Note 3 of this report.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

The Village's elected and appointed officials considered many factors when setting the fiscal-year 2020 budget, tax rates, and fees that will be charged for its governmental activities. One of those factors is the economy, including unemployment rates, consumer price index projections, etc. Although the Village considers the economy in setting rates and fees during the budget process, the Village does not feel that these economic factors will have significant bearing on Village operations in the coming year.

The Village will continue to remain conservative in its budgeting of both revenue and expenses, until certainty arises regarding the state budget and potential changes to the existing revenue sharing methodology.

The World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Village's operations and financial position cannot be determined.

### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Village's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Village Manager, Village of Kenilworth, 419 Richmond Road, Kenilworth, IL 60043.

## **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Fund

Fiduciary Fund

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

-	785,000	400,000	(54,015)	985,386
17,412	306,806	(997,288)	120,227	(579,632)
128,864	1,021,275	1,750,898	798,816	7,715,178
<u>146,276</u>	<u>1,328,081</u>	<u>753,610</u>	<u>919,043</u>	<u>7,135,546</u>

The notes to the financial statements are an integral part of this statement.

**VILLAGE OF KENILWORTH, ILLINOIS**

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances  
to the Statement of Activities - Governmental Activities**

**For the Fiscal Year Ended December 31, 2019**

---

---

**Net Change in Fund Balances - Total Governmental Funds** \$ (579,632)

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Governmental funds report capital outlays as expenditures. However, in the  
Statement of Activities the cost of those assets is allocated over their estimated  
useful lives and reported as depreciation expense.

Capital Outlays	509,352
Depreciation Expense	(359,471)

Deferred outflows (inflows) of resources related to the pensions not  
reported in the funds.

Change in Deferred Items - IMRF	(607,278)
Change in Deferred Items - Police Pension	(708,207)
Change in Deferred Items - RBP	12,340

The issuance of long-term debt provides current financial resources to  
governmental funds, while the repayment of the principal on long-term  
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	3,731
Change in Net Pension Liability - IMRF	665,164
Change in Net Pension Liability - Police Pension	578,333
Change in Total OPEB Liability - RBP	(30,228)
Issuance of Debt	(985,000)
Retirement of Debt	1,385,000
Amortization of Premium on Debt Issuance	8,000

Changes to accrued interest on long-term debt in the Statement of Activities  
does not require the use of current financial resources and, therefore, are not  
reported as expenditures in the governmental funds.

683

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Kenilworth (Village), Illinois, is a Village in Cook County. The Village is a non home-rule municipality under the 1970 Illinois Constitution. The Village is a municipal corporation governed by an elected board. The Village President and Board of Trustees are elected representatives of the citizens of the Village. The Village's major operations include police and fire safety, highway and street maintenance, building code enforcement, water services and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

#### REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Kenilworth
---------------------	-----------------------

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

#### Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION

##### Government-Wide Financial Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police and fire safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's water service is classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public works, public safety, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, sales taxes, income taxes, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

##### Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

##### Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

*General fund* is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

*Special revenue funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains two nonmajor special revenue funds, the Sewer Service Fund and the Motor Fuel Tax Fund.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

#### Fund Financial Statements – Continued

#### Governmental Funds – Continued

*Debt service funds* are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

*Capital projects funds* are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains two Capital Projects Funds. The Capital Projects Fund is treated as a major fund and accounts for revenues and expenditures relative to the construction of capital improvements. The 2023 Capital Infrastructure Improvement Fund, also a major fund, is used to account for revenues and expenditures related to the Village's 2023 Infrastructure Improvement Program.

#### Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

*Enterprise funds* are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Waterworks System Fund. The Waterworks System Fund accounts for the provision of potable water services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing and related debt service and billing and collections.

#### Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

#### Fund Financial Statements – Continued

#### Fiduciary Funds – Continued

*Pension trust funds* are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force.

The Village's pension trust fund is presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the Village, this fund is not incorporated into the government-wide statements.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

##### Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, income taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary and pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Village’s enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements

December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

##### Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds “Statement of Cash Flows,” cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

##### Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

##### Prepays

Prepays are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

##### Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, income taxes, and grants. Business-type activities report utility charges as their major receivables.

**VILLAGE OF KENILWORTH, ILLINOIS**

**Notes to the Financial Statements  
December 31, 2019**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

**ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued**

**Capital Assets**

Capital assets purchased or acquired with an original cost of \$10,000 or more (depending on asset class) and an estimated useful life in excess of two years are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at acquisition value on the date donated.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	10 - 50 Years
Machinery and Equipment	7 - 10 Years
Sanitary and Sewer System	40 - 50 Years
Streets	40 - 50 Years

**Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

**Compensated Absences**

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

##### Compensated Absences – Continued

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

##### Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

##### Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### BUDGETARY INFORMATION

The Budget Ordinance is prepared in tentative form by the Village Manager, reviewed and approved by the Village Board, and is made available for public inspection at least ten days prior to final Board action. A public hearing is held on the tentative Budget Ordinance to obtain taxpayer comments. Prior to January 1, the Budget Ordinance is legally enacted through the passage of a budget ordinance. All actual expenditures contained herein have been compared to the annual operating Budget.

The Board of Trustees may:

By two-thirds vote transfer, within any department, amounts budgeted for an object or purpose to another object or purpose. No object or purpose can be reduced below an amount sufficient to provide for all obligations incurred, or to be incurred, against the budgeted amount.

Adopt a supplemental budget ordinance in an amount not to exceed any additional revenue available, including unappropriated fund balances or amount estimated to be received after adoption of the annual budget ordinance.

Management cannot amend the Budget Ordinance. However, expenditures may exceed budgets at the subject level. Expenditures that exceed individual budgets at the object level must be approved by the Board of Trustees, as outlined above. The operating budget is the management control for spending. The manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund are done through approval of the Village Board of Trustees and are supported by budget amendments as needed.

The Village does not use the encumbrance method of accounting. Budgetary funds are controlled by an integrated budgetary accounting system, in accordance with various legal requirements which govern the Village. Operating budgets are adopted on a modified accrual basis of accounting for all governmental funds and on an accrual basis for proprietary and fiduciary funds. Budgets have been adopted for the General, Debt Service, Capital Projects, Special Revenue, Waterworks System and Police Pension Funds. All budgets are prepared based on the annual fiscal year of the Village and lapse at year end. Budget amounts are as originally adopted and as amended by the Village Board of Trustees. The financial schedules report management's operating budget in the columns titled original budget and final budget for the General, Debt Service, Capital Projects, 2023 Capital Infrastructure Improvement, Sewer Service, Motor Fuel Tax, Waterworks System and Police Pension Funds.

#### EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following fund had an excess of actual expenditures/expenses, exclusive of depreciation, over budget as of the date of this report: Capital Projects Fund \$27,820, Motor Fuel Tax Fund \$3,118 and Waterworks System Fund \$20,192.

## VILLAGE OF KENILWORTH, ILLINOIS

### Notes to the Financial Statements December 31, 2019

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS

##### DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust fund are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services and the Illinois Funds. The Village's investment policy limits deposits to financial institutions that are members of the FDIC system are capable of posting collateral for amounts in excess of FDIC insurance.

The deposits and investments of the Pension Fund are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of \$2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least \$5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, Pension Funds with plan net position of at least \$10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

### Notes to the Financial Statements

December 31, 2019

---

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

##### DEPOSITS AND INVESTMENTS – Continued

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

##### **Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk**

*Deposits and Investments.* At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$8,146,370 and the bank balances totaled \$8,338,767. The Village also has \$1,089 invested in the Illinois Funds at year-end, which is measured at the net asset value per share as determined by the pool.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy limits its exposure by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market. At year-end, the investment in the Illinois Funds has an average maturity of less than one year.

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are in order of priority, safety of principal, liquidity and rate of return.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in instruments authorized under State Statute, the Village's investment policy further limits investment choices to external investment pools. At year-end, the Village's investment in the Illinois Funds is rated AAAM by Standard & Poor's.

*Concentration Risk.* This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy requires diversification of investments to avoid unreasonable risk by limiting commercial paper to the lesser of 20% of the cash and investment balance at the time of placement, or 25% of the cash and investment balance. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

## Notes to the Financial Statements December 31, 2019

---

---

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### DEPOSITS AND INVESTMENTS – Continued

#### Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Village or an independent third-party evidenced by a safekeeping agreement. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy does not mitigate custodial credit risk for investments. At year-end, the Village's investment in the Illinois Funds is not subject to custodial credit risk.

#### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

*Deposits.* At year-end, the carrying amount of the Fund's deposits totaled \$440,841 and the bank balances totaled \$440,841.

*Investments.* The Fund has the following investment fair values and maturities:

Investment Instrument	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Treasuries	\$ 1,747,475	349,685	1,123,802	273,988	-
U.S. Agencies	322,483	44,940	106,036	171,507	-
Corporate Bonds	2,075,922	343,828	1,732,094	-	-
State and Local Obligations	344,530	210,684	61,950	71,896	-
	4,490,410	949,137	3,023,882	517,391	-

**VILLAGE OF KENILWORTH, ILLINOIS**

**Notes to the Financial Statements  
December 31, 2019**

**NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued**

**DEPOSITS AND INVESTMENTS – Continued**

**Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued**

The Fund has the following recurring fair value measurements as of December 31, 2019:

Investments by Fair Value Level	Total	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Debt Securities				
U.S. Treasuries	\$ 1,747,475	1,747,475	-	-
U.S. Agencies	322,483	-	322,483	-
Corporate Bonds	2,075,922	-	2,075,922	-
State and Local Obligations	344,530	-	344,530	-
Equity Securities				
Mutual Funds	3,597,113	3,597,113	-	-
<b>Total Investments by Fair Value Level</b>	<b>8,087,523</b>	<b>5,344,588</b>	<b>2,742,935</b>	<b>-</b>

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

*Interest Rate Risk.* The Fund's investment policy limits its exposure by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market. It is the policy of the Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are in order of priority, safety of principal, liquidity and rate of return.

*Custodial Credit Risk.* The Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by an independent third-party and evidenced by a safekeeping agreement. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance. The Fund's investment policy mitigates custodial credit risk for investments to an extent by SIPC insurance.

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### DEPOSITS AND INVESTMENTS – Continued

#### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

*Credit Risk.* Besides investing in investment instruments authorized under State Statute, the Fund's investment policy further limits credit risk by primarily investing in U.S. Treasury obligations and other obligations which are rated AA or better by a national rating agency. At year-end, the Fund's investment in the U.S. Agencies ratings are rated Aaa, the State and Local Obligations are rated A2 through Baa1, and the Corporate Bonds are rated A2 through Baa3, by Moody's Investor Service.

*Concentration Risk.* The Fund's investment policy requires diversification of investments to avoid unreasonable risk. In addition to the securities and fair values listed above, the Fund also has \$3,597,113 invested in mutual funds. At year-end, the Fund does not have any investments (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments) in any one organization that represent 5 percent or more of net position available for benefits.

The following are the target allocation percentages under the policy:

Investment	Minimum	Maximum
Direct U.S. Treasury Securities (Includes STRIPS, CUBES)	0.00 %	100.00 %
Interest Investments, CDs	0.00	30.00
Commercial Paper	0.00	10.00
Investment Pools Established by the State Treasurer	0.00	40.00
Money Market Mutual Funds	0.00	40.00
Equity Investments	0.00	45.00
Government Agency Securities	0.00	80.00
Government Bonds and Warrants	0.00	20.00
Municipal Bonds Rates "A" or Better	0.00	20.00

The Fund's investment policy in accordance with Illinois Compiled Statutes (ILCS) establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	54.00%	3.86%
Equity	44.00%	8.32%
Cash and Cash Equivalents	2.00%	1.05%

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### DEPOSITS AND INVESTMENTS – Continued

#### Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

*Concentration Risk – Continued.* Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 45%. Securities in any one company should not exceed 5% of the total fund.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in April of 2020 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding the expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2019 are listed in the table on the previous page.

#### Rate of Return

For the year ended December 31, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 12.82%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### PROPERTY TAXES

Property taxes for 2018 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 2% of the tax levy to reflect actual collection experience.

**INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

**Interfund Balances**

The composition of interfund balances as of the date of this report, are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Police Pension	General	<u>\$ 12,975</u>

Interfund balances are advances in anticipation of receipts.

**Interfund Transfers**

The composition of interfund transfers as of the date of this report, are as follows:

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>
General	Nonmajor Governmental	\$ 54,015
Capital Projects	General	<u>200,000</u>
		<u>254,015</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. Transfers are also used to move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Assessed Valuation - 2018	<u>\$ 312,288,275</u>
Bonded Debt Limit - 8.625% of Assessed Value	26,934,864
Amount of Debt Applicable to Limit	<u>10,830,000</u>
Legal Debt Margin	<u>16,104,864</u>

**FUND BALANCE/NET POSITION CLASSIFICATIONS**

**Fund Balance Classifications**

In the governmental fund financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

*Restricted Fund Balance.* Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance.* Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

*Assigned Fund Balance.* Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Village's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

**VILLAGE OF KENILWORTH, ILLINOIS**

**Notes to the Financial Statements  
December 31, 2019**

**NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued**

**FUND BALANCE/NET POSITION CLASSIFICATIONS – Continued**

**Fund Balance Classifications – Continued**

*Unassigned Fund Balance.* Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

*Minimum Fund Balance Policy.* The Village’s policy manual states that the General Fund should maintain target fund balance between 55 and 70 percent (6.6 to 8.4 months) of operating expenditures. For the current fiscal year, unassigned fund balance in the General Fund represents approximately 59.3 percent of total General Fund expenditures. Excess fund balance should generally be used for one-time expenditures such as capital projects, abating debt service, or to pay down outstanding obligations such as pension costs, or Other Post-Employment Benefits (OPEB).

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Debt Service	Capital Projects		Nonmajor	Totals
			Capital Projects	2023 Capital Infrastructure Improvement		
<b>Fund Balances</b>						
<b>Nonspendable</b>						
Prepays	\$ 264,591	-	-	-	-	264,591

Net Investment in Capital Assets	<u>7,216,852</u>

**NOTE 4 – OTHER INFORMATION**

**RISK MANAGEMENT**

**Intergovernmental Risk Management Agency (IRMA)**

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village’s employees. These risks are provided for through a limited self-insurance program and private insurance coverage. The Village currently reports all its risk management activities in its self-insurance fund.

The Village also participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers’ compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

## VILLAGE OF KENILWORTH, ILLINOIS

### Notes to the Financial Statements December 31, 2019

---

#### NOTE 4 – OTHER INFORMATION – Continued

##### RISK MANAGEMENT – Continued

##### Intergovernmental Risk Management Agency (IRMA) – Continued

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. Each member assumes the first \$2,500 of each occurrence, and IRMA has a mix of self-insurance and commercial insurance at various amounts about that level.

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

##### North Suburban Employee's Benefit Cooperative (NSEBC)

The Village participates in the North Suburban Employee's Benefit Cooperative (NSEBC), an agency of governmental entities created to finance and administer medical and dental care benefits to employees of its member organizations. Each municipality appoints one representative to serve on the Board of Directors. The Board determines the general policies, which includes approval of the annual budget. Members are contractually obligated to make all monthly payments and to fund any deficit upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Board. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years. The Village reports insurance activities within the General Fund and Waterworks System Fund. The Village's total payments for the year ended December 31, 2019 were \$386,995.

#### CONTINGENT LIABILITIES

##### Litigation

The Village is currently not a defendant in any lawsuits.

##### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

## **VILLAGE OF KENILWORTH, ILLINOIS**

### **Notes to the Financial Statements December 31, 2019**

---

#### **NOTE 4 – OTHER INFORMATION – Continued**

##### **CONTINGENT LIABILITIES - Continued**

###### **Solid Waste Agency of Northern Cook County (SWANCC)**

The Village's contract with the Solid Waste Agency of Northern Cook County (SWANCC) provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

##### **JOINT VENTURES**

###### **Solid Waste Agency of Northern Cook County (SWANCC)**

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic established pursuant to the Constitution Act of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended.

SWANCC is empowered to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members. SWANCC is governed by a Board of Directors which consists of one appointed representative from each member municipality. Each Director has an equal vote. The officers of SWANCC are appointed by the Board of Directors.

The Board of Directors determines the general policy of SWANCC, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of bonds or notes by SWANCC, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the SWANCC agreement or the by-laws. Separate audited financial statements are available at 77 W. Hintz Road, Suite 200 Wheeling, IL 60090.

SWANCC's bonds are revenue obligations. They are limited obligations of SWANCC, with a claim for payment solely from and secured by a pledge of the revenues of the system, and amounts in various funds and accounts established by SWANCC resolutions. SWANCC has no power to levy taxes.

Revenues of the system consist of: (a) all receipts derived from Solid Waste Disposal Contracts or any other contracts for the disposal of waste; (b) all income derived from the investment of monies; and (c) all income, fees, service charges, and all grants, rents, and receipts derived by SWANCC from the ownership and operation of the system.

SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 4 – OTHER INFORMATION – Continued

#### JOINT VENTURES – Continued

##### Solid Waste Agency of Northern Cook County (SWANCC) – Continued

SWANCC has entered into Solid Waste Disposal Contracts with the member municipalities. The Contracts are irrevocable, and may not be terminated or amended, except as provided in the Contract. Each member is obligated, on a “take or pay” basis, to purchase or in any event to pay for a minimum annual cost of the system.

The obligation of the Village to make all payments as required by this Contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under this Contract.

The payments required to be made by the Village under this Contract are required to be made solely from revenues to be derived by the Village from the operation of the refuse collection system. The Village is not prohibited by the Contract from using any other funds to make the payments required by the Contract. The Contract shall not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

In accordance with the joint venture agreement, the Village remitted \$36,519 to SWANCC for the year ended December 31, 2019, which is recorded in the Village’s General Fund.

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system and the Police Pension Plan which is a single-employer pension plan. Separate reports are issued for the Police Pension Plan and can be obtained by writing the Village at 419 Richmond Road, Kenilworth, Illinois 60043. IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at [www.imrf.org](http://www.imrf.org). The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amount recognized for the two pension plans is:

	Pension Expense	Net Pension Liability	Deferred Outflows	Deferred Inflows
IMRF	\$ 28,330	38,938	104,212	367,993
Police Pension	945,959	8,001,411	213,220	259,041
	<u>974,289</u>	<u>8,040,349</u>	<u>317,432</u>	<u>627,034</u>

## Notes to the Financial Statements

December 31, 2019

---

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS - Continued

##### Illinois Municipal Retirement Fund (IMRF)

###### Plan Descriptions

*Plan Administration.* All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Eligible employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Eligible employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

##### Illinois Municipal Retirement Fund (IMRF) – Continued

##### Plan Descriptions – Continued

*Plan Membership.* As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	19
Inactive Plan Members Entitled to but not yet Receiving Benefits	21
Active Plan Members	<u>9</u>
Total	<u><u>49</u></u>

*Contributions.* As set by statute, the Village's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2019, the Village's contribution was 15.38% of covered payroll.

*Net Pension Liability.* The Village's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability was determined by an actuarial valuation performed, as of December 31, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	3.35% - 14.25%
Cost of Living Adjustments	3.25%
Inflation	2.50%

# VILLAGE OF KENILWORTH, ILLINOIS

## Notes to the Financial Statements December 31, 2019

---

### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

##### Illinois Municipal Retirement Fund (IMRF) – Continued

###### Plan Descriptions – Continued

*Actuarial Assumptions – Continued.* For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	28.00%	3.00%
Domestic Equities	37.00%	6.85%
International Equities	18.00%	6.75%
Real Estate	9.00%	5.75%
Blended	7.00%	2.65% - 7.35%
Cash and Cash Equivalents	1.00%	2.25%

###### Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

#### Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2019, the Village recognized pension revenue of \$28,330. At December 31, 2019, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ 75,194	(8,006)	67,188
Change in Assumptions	29,018	(752)	28,266
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	(359,235)	(359,235)
Total Deferred Amounts Related to IMRF	104,212	(367,993)	(263,781)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year	Net Deferred Outflows/ (Inflows) of Resources
2020	\$ (24,021)
2021	(103,282)
2022	34,591
2023	(171,069)
2024	-
Thereafter	-
Total	(263,781)

**Notes to the Financial Statements  
December 31, 2019**

---

**NOTE 4 – OTHER INFORMATION – Continued**

**EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued**

**Police Pension Plan**

**Plan Descriptions**

*Plan Administration.* The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village President, one member is elected by pension beneficiaries and two members are elected by active police employees.

*Plan Membership.* At December 31, 2019, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	12
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>7</u>
Total	<u><u>19</u></u>

*Benefits Provided.* The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

## VILLAGE OF KENILWORTH, ILLINOIS

### Notes to the Financial Statements December 31, 2019

---

#### NOTE 4 – OTHER INFORMATION – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

#### Police Pension Plan – Continued

#### Plan Descriptions – Continued

*Benefits Provided – Continued.* Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1<sup>st</sup> after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the preceding calendar year.

*Contributions.* Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended December 31, 2019, the Village's contribution was 118.62% of covered payroll.

*Concentrations.* At year-end, the Pension Plan does not have any investments over 5 percent of net position restricted for benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

**VILLAGE OF KENILWORTH, ILLINOIS**

December 31, 2019**

---

**NOTE 4 – OTHER INFORMATION – Continued**

**EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued**

**Police Pension Plan – Continued**

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation performed, as of December 31, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	6.00%
Salary Increases	3.50%
Cost of Living Adjustments	3.00%
Inflation	2.50%

Mortality rates are based on the sex distinct with mortality improvement projected 5 years beyond the valuation date using scale MP-2018 and a base year of 2010.

**Discount Rate**

The discount rate used to measure the total pension liability was 6.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

#### OTHER POST-EMPLOYMENT BENEFITS

##### General Information about the OPEB Plan

*Plan Description.* The Village's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the Village. RBP is a single-employer defined benefit OPEB plan administered by the Village. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Village Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided.* RBP provides healthcare, dental and vision benefits for retirees and their dependents. The Retiree is responsible for the full cost of coverage. Retirees may continue Employer sponsored insurance in retirement past Medicare eligibility.

*Plan Membership.* As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	3
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>17</u>
Total	<u><u>20</u></u>

##### Total OPEB Liability

The Village's total OPEB liability was measured as of December 31, 2019, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and Other Inputs.* The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	2.74%
Healthcare Cost Trend Rates	7.20% for 2020 decreasing to an ultimate rate of 5.00% for 2029 and later years
Retirees' Share of Benefit-Related Costs	100% of all benefit-related costs

The discount rate was based on the current reporting valuation date and beginning of year assumptions.

Mortality rates were based on the Sex Distinct Raw Rates and developed in the RP-2014 Study, with Blue Collar Adjustment. These rates are improved generationally using MP-2016 Improvement Rates.

#### Change in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Balance at December 31, 2018	<u>\$ 325,987</u>
Changes for the Year:	
Service Cost	5,913
Interest on the Total Pension Liability	12,944
Changes of Benefit Terms	-
Difference Between Expected and Actual Experience	-
Changes of Assumptions or Other Inputs	34,343
Benefit Payments	<u>(20,401)</u>
Net Changes	<u>32,799</u>
Balance at December 31, 2019	<u><u>358,786</u></u>

**VILLAGE OF KENILWORTH, ILLINOIS**

**Notes to the Financial Statements  
December 31, 2019**

---

**NOTE 4 – OTHER INFORMATION – Continued**

**OTHER POST-EMPLOYMENT BENEFITS – Continued**

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability, calculated using a Single Discount Rate of 2.74%, as well as what the total OPEB liability would be if it were calculated using a Single Discount Rate that is one percentage point lower or one percentage point higher:

	1% Decrease (1.74%)	Current Discount Rate (2.74%)	1% Increase (3.74%)
Total OPEB Liability	\$ 393,252	358,786	328,428

**Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The following presents the total OPEB liability, calculated using a Healthcare Trend Rate that varies as well as what the total OPEB liability would be if it were calculated using a Healthcare Trend Rate that is one percentage point lower or one percentage point higher:

	1% Decrease (Varies)	Healthcare Cost Trend Rates (Varies)	1% Increase (Varies)
Total OPEB Liability	\$ 324,131	358,786	398,413

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended December 31, 2019, the Village recognized an OPEB expense of \$39,489. Per GASB Statement No. 75, under the Alternative Measurement Method, changes in Total OPEB Liability are immediately recognized as expense, resulting in no deferred outflows of resources or deferred inflows of resources related to OPEB.

**VILLAGE OF KENILWORTH, ILLINOIS**

**Notes to the Financial Statements  
December 31, 2019**

**NOTE 4 – OTHER INFORMATION – Continued**

**OTHER POST-EMPLOYMENT BENEFITS – Continued**

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – Continued**

At December 31, 2019, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ -	-	-
Change in Assumptions	-	-	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	-	-
Total Deferred Amounts Related to OPEB	-	-	-

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year	Net Deferred (Inflows) of Resources
2020	\$ -
2021	-
2022	-
2023	-
2024	-
Thereafter	-
Total	-

**SUBSEQUENT EVENT**

Subsequent to the date of the financial statements and prior to the audit opinion date, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Village’s operations and financial position cannot be determined.

## **REQUIRED SUPPLEMENTARY INFORMATION**

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Employer Contributions
  - Illinois Municipal Retirement Fund
  - Police Pension Fund
  
- Schedule of Changes in the Employer's Net Pension Liability
  - Illinois Municipal Retirement Fund
  - Police Pension Fund
  
- Schedule of Investment Returns
  - Police Pension Fund
  
- Schedule of Changes in the Employer's Total OPEB Liability
  - Retiree Benefits Plan
  
- Budgetary Comparison Schedule
  - General Fund

### Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

## **OTHER SUPPLEMENTARY INFORMATION**

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules - Major Governmental Funds
  - General
  - Debt Service
  - Capital Projects
  - 2023 Capital Infrastructure Improvement - Capital Projects Fund
- Combining Statements – Nonmajor Governmental Special Revenue Funds
- Budgetary Comparison Schedules – Nonmajor Governmental Special Revenue Funds
  - Sewer Service
  - Motor Fuel Tax
- Budgetary Comparison Schedule – Enterprise Fund
  - Waterworks System
- Budgetary Comparison Schedule – Pension Trust Fund
  - Police Pension

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

---

## **GENERAL FUND**

The General Fund, a major fund, is used to account for all financial resources except those required to be accounted for in another fund.

---

## **DEBT SERVICE FUND**

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

---

## **SPECIAL REVENUE FUNDS**

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

### **Sewer Service Fund**

The Sewer Service Fund is used to account for the activities of the sewer service operations.

### **Motor Fuel Tax Fund**

The Motor Fuel Tax Fund is used to account for the activities involved with street maintenance and construction. Financing is provided by the Village's share of state gasoline taxes. State law requires these gasoline taxes to be used to maintain streets.

---

## **CAPITAL PROJECTS FUNDS**

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

### **Capital Projects Fund**

The Capital Projects Fund is used to account for revenues and expenditures relative to the construction of capital improvements..

### **2023 Capital Infrastructure Improvement**

The 2023 Capital Infrastructure Improvement Fund is used to account for revenues and expenditures related to the Village's 2023 Infrastructure Improvement Program.

---

# **COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

---

## **ENTERPRISE FUND**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose. The Village's enterprise fund is a major fund.

### **Waterworks System Fund**

The Waterworks System Fund is used to account for the provision of portable water services to residents of the Village. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

---

## **TRUST FUND**

### **PENSION TRUST FUND**

#### **Police Pension Fund**

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.
